IS044 - QUIET LANES FROM B4228 - WOOLSTON

Explore the opportunities to adopt 'Quiet streets principles' between the Severn View Road / Netherend junction and the national speed limit change at Woolaston Common. These include:

- Traffic calming implementation along Woolaston Common;
- Implementing pedestrian and cycle signage to reprioritise the character of the highway;

355

- Gateway features at entrance points to create a mix street environment; and
- Increase cycle parking provision at key locations in the centre of Woolaston.

Investigate the opportunities to implement way finding measures between Woolston and Hewelsfield, with pedestrian and cycle signage to reprioritise the character of the highway. Smallbrook
